

# MD. NAZMUS SHAKIB

BACKEND DEVELOPER | FULL STACK DEVELOPER | LARAVEL DEVELOPER

Khulna, Bangladesh | +8801716333670 | [nazmusshakib335@gmail.com](mailto:nazmusshakib335@gmail.com) | [github.com/nazmusshakib878](https://github.com/nazmusshakib878)

## PROFESSIONAL SUMMARY

Backend-focused Computer Science and Engineering student with hands-on experience in Laravel, PHP, MySQL, RESTful APIs, authentication, and database-driven applications. Completed a backend development internship and 80 hours of formal Laravel training. Skilled in relational schema design, secure application workflows, debugging, Git-based collaboration, and integrating React/Vite frontends with Laravel APIs.

## TECHNICAL SKILLS

**Programming:** PHP, JavaScript, C++, C

**Backend & APIs:** Laravel 12, Laravel Sanctum, RESTful APIs, MVC, authentication, middleware, Blade, Google OAuth 2.0, role-based access control, CRUD development

**Databases:** MySQL, Eloquent ORM, relational schema design, normalization (1NF/2NF/3NF), SQL queries, indexing fundamentals, database integrity checks

**Frontend:** React, Vite, Tailwind CSS, Bootstrap, Material UI, HTML5, CSS3

**AI/API Exposure:** Gemini API, OpenAI API, Hugging Face integration options

**Tools & Practices:** Git, GitHub, Postman, SMTP/email workflows, PDF invoice generation, SDLC, Agile/Scrum, debugging, testing, technical documentation

**Languages:** Bangla - Native; English - Working proficiency

## PROFESSIONAL EXPERIENCE

**Backend Developer Intern | Appstick Tech Firm | Khulna, Bangladesh | 01 Feb 2026 - 04 Mar 2026**

*Internship Project: Logistica*

- Contributed to Laravel/PHP backend implementation and database-related tasks in a collaborative development environment.
- Worked with reusable backend logic, debugging, application troubleshooting, database integrity checks, and Git/GitHub workflows.

**Repository:** [github.com/nazmusshakib878/Logistica](https://github.com/nazmusshakib878/Logistica)

## SELECTED PROJECTS

**Securex - CCTV & Security Service Management System | Laravel MVC | June 2026**

- Developed an end-to-end platform for service discovery, client booking, administrative review, booking status updates, email notifications, and PDF invoice delivery.
- Implemented email/password and Google OAuth 2.0 authentication, role-based administration, dynamic service CRUD, and booking management.
- Built time-slot conflict detection to prevent duplicate bookings and recommend alternative available slots.

**Tech:** PHP, Laravel, MySQL, OAuth 2.0, SMTP, PDF generation | [Repository](#)

**AI Smart Campus System | Team Leader & Database Lead**

- Led an academic management and student-success platform for Northern University of Business and Technology Khulna.
- Designed and coordinated the MySQL data layer and supported integration between a React/Vite frontend and a Laravel 12 REST API secured with Laravel Sanctum.
- Supported AI-assisted workflows using Gemini, OpenAI, or Hugging Face API integration options.

**Tech:** React, Vite, Laravel 12, Sanctum, MySQL, REST API | [Repository](#)

**Library Management Project | Laravel Academic Project**

- Built a Laravel MVC application with database-backed record-management workflows and structured application logic for core library operations.

**Tech:** PHP, Laravel, MySQL, MVC, CRUD | [Repository](#)

## EDUCATION

**Bachelor of Science in Computer Science and Engineering (BSc CSE) | Expected Nov 2026**

*Northern University of Business and Technology Khulna (NUBTK), Khulna, Bangladesh*

- Current CGPA: 3.60/4.00; final year, final semester.
- Selected coursework: Distributed Databases, Software Architecture and Design, Advanced Data Structures, Network Routing Protocols.

**Higher Secondary Certificate (Science) | Satkhira Government College | GPA 5.00/5.00 | 2020**

**Secondary School Certificate (Science) | Alipur Union Secondary School | GPA 5.00/5.00 | 2018**

## TRAINING & CERTIFICATION

**PHP (Laravel) Training - 80 Hours | Nov 2024 - May 2025**

Department of Computer Science and Engineering, Khulna University | EDGE Project, Bangladesh Computer Council, ICT Division

- Covered Laravel MVC, authentication, middleware, CRUD development, relational schema design, MySQL/SQL, and backend application development.

Certificate ID: EDGE-DSTS-103-9880-00009 | Issued: 29 May 2025 | [Verify Certificate](#)
